French and English seminary for Young Ladies, corner of E and 3th streets, Washington city.

THE location of this seminary is one of the most desirable in the city, on account of its healthy and airy position. The house is large and commodients, with ample grounds and other facilities for amusement and recreation. The principal, so well and favorably known in this city, and in New York, from her long experience in teaching, hopes to give entire satisfaction to all who may confide their daughters to her care. She is a native of France, and familiar with its language and literature, and conversant with the best and easiest modes of imparting to her pupils a perfect knowledge of that language, so that they can not only read and write, but speak it fluently. She has secured able asristants for various departments, so that all branches of an English as well as French education will be theroughly taught. Pupils who reside in the family have the peculiar advantages of hearing, and conversing at all times in the French language, and of perfecting themselves in the science of music, being under the surveillance of an experience teacher. The course of instruction, besides the usual elementary branches, includes all the higher studies pursued in the most approved northern seminaries. The discipline is mild and affectionate, yet decided, and is manutained by appeals to the affections and conscience of the pupil; it is designed, by a proper development and cultivation of the better qualities of the heart, to hind more affectionately the pupil to her teacher, and by it to secure obedience. As sound physical, moral, and intellectual improvement and culture, are the great objects desired, it is the similar and valves reside in the femily are for

the aim of the principal not so much to crowd the memory with words, as to draw forth and train the systematic and vigorous action, the observing, reflecting, and active powers of the mind. The charges to those who reside in the family are, for board and tuition in all the branches of French and English, \$200 per annum for a single pupil; but when two or more are entered at the same time, a liberal deduction will be made. The additional charges per quarter are for music, piano, and guitar, \$15; use of instrument, \$2.50; vocal music, \$5. To day scholars, the charges for tuition in the first department in French or English, are \$10; together, \$15; in the second department first class French or English, \$8; together, \$12; in the second class French or English \$7; together \$10; in the third department, first class, French or English \$6; together \$9; in the second class, French or English \$5; together \$1, tatin \$4, other languages, drawing, painting, and dancing; at professor's charges. Pupils can be entered at any time, and will be charged only from the date of their entance. No deduction will be made to those who absent themselves after commencing a quarter, unless prevented from attending by sickness. Bills in all cases to be paid in advance. Every attention is paid to the religious as well as moral and thellectual instructions of the pupils, but no sectorian peculiarities are ever inculcated. Those residing in the family will attend such churches as their parents may select, under the care of a teacher. They will atay will attend such churches as their parents may select, under the care of a teacher. They will attend the Episcopal church with the Principal, when no other directions are given. DR. DYOTT'S ANTI-BILIOUS PILLS.

DR. DYOTT'S ANTI-BILIOUS PILLS.

A samily medicine, a mild and gentle purgative, and purifier of the blood. The general use of these celebrated pills throughout the United States for these forty years past, and the strong recommendations they have acquired from all classes of our fellow-citizens, places them in a much more elevated situation in public estimation, than any other remedy which has heretofore bean introduced. The following are among the many diseases for which Dr. Dyott's celebrated pills are so deservedly distinguished for curing. By their counteracting properties in removing the bile from the stomach, they prevent and cure the bilious fever; chills, or ague and fever; spring and fall fevers; yellow fever; bilious cholie; pleurisy; dysentery; worms; bilious vomiting; sick and foul stomach.

By cleansing the bowels and stomach from all impurities, they restore the loss of appetite, remove flatulency, cure the headache, habitual costiveness, colds, coughs, asthmas, epileptic fits, hypochondria, hysterical complaints, stranguary, gravel, &c.

By a general and copious use, they will be found very beneficial in curing the rheumatism and gout, lumbago or pains in the back.

All impurities in the blood yield to their happy effects, whether proceeding from constitutional aliment, or from indiscrect intemperance.

They are an infallible medicine for female complaints, ence celebrated pills have been used to very great advantage in curing the dyspepaia, or indigestion, bronchitis, liver complaint, &c.

They are an infallible medicine for female complaint generally, and especially for removing those obstructions which are the source of their aliments are at certain periods; they possess the eminent advantage over most other purgatives, that, while they operate genity, they produce neither coalveness, deving the spring and fall generally they group and the provential fits of the bilie, these pills will assuredly counteract it.

ing and being in Allegany county.

This valuable tract of land is situated on George's creek, about three and a half miles from Frostburg, adjoining the property of Wm. Ward, esq. It contains 655 acres more or less; the soil is very fertile and susceptible of a high state of improvement, and is believed to abound in exhaustless beds of stone coal. Its location in the heart of the coal region—its susceptibility of division into valuable farms, together with its proximity to the Lonaconing iron works, the Mount Savage iron works, the railroad of the Maryland Mining Company, and other extensive improvements now in progress in the county—render it a very desirable property to purchasers. Persons wishing to purchase can obtain any information respecting it from the trustee.

The tract will be divided and sold in parcels to suit purchasers. A plat of the land, &c., can be seen by calling on the subscriber.

The terms of sale, as prescribed by the decree, are one-third of the purchase money on the day of sale, the balance in two equal sunual payments, the purchase rgiving bond for the same, with security to be approved by the trustee. On the payment of the whole purchase money, the trustee will convey a tide by a deed of bargain and sale.
